A scoffer seeks wisdom and [finds] none, But knowledge is easy for one who has understanding. - Proverbs 14:6

We all need wisdom. Just knowing information is not enough. True wisdom is knowing how to apply that information. True wisdom also means having the right attitude and mindset so that we are acting with the fruit of the Spirit. A scoffer is one looking to use knowledge to bring down others, so they never find true wisdom. A person of understanding is patient and kind, wanting to be a blessing to others. They have “understanding” of what God wants. They see from God’s perspective and knowledge is easy for them. Let us all pray for an attitude of humility to receive the wisdom that comes from above (James 3:15-17).

Bob and Patricia Koo were with us to impart wisdom in the area of healing in the body of Christ. He has spoken in 80 countries and spent many years training with Charles and Francis Hunter (a couple who wrote many books and hosted seminars demonstrating the practical aspects of healing the sick like Jesus did.) He also worked with Heidi Baker. They instructed us on healing the sick at Golden Heart Church and many people received healing including one person who had been suffering with carpal tunnel syndrome for many years.

Bob and Patricia Koo

Prayer Requests:

- Summer Projects and Repair
- Summer Outreach to Villages and upcoming Revival

July 25th Golden Heart Church

We look forward to having their ministry back in the future.

We also had nine people stay at the YWAM base who were assisting with WEIO (World Eskimo-Indian Olympics) that was hosted in Fairbanks, Alaska. Native peoples from around the world compete in a variety of events such as Knuckle Hopping, High Kicking, Stick Pulling, Blanket Tossing, Fish Cutting and many more. It was a privilege to host them and support their work. These types of relationships are remembered and provide opportunities to work with many Native peoples in Alaska.

Uriah Kessey, a Native Evangelist (Apache) from Arizona, will be hosting revival services from August 4th through 8th. We hope to have a great harvest from this event. Please pray for many people to attend and lives changed through this outreach. Of course we still have our own weekly prayer meetings and teaching at both FCM in North Pole and YWAM in Fairbanks. Emails and messages are coming in from around the world with people wanting to come stay at the base and minister in the area. We need God’s wisdom to discern the ones that we are supposed to partner with. We pray for wisdom for all of our supporters and cherish your prayer. May God give you wisdom from above!

*Co-laborers in Christ,
Joyce Thurlby*
