To All Those Who Love the Voice of the Father!

"When he puts forth all his own, he goes ahead of them, and the sheep follow him because they know his voice." - John 10:4

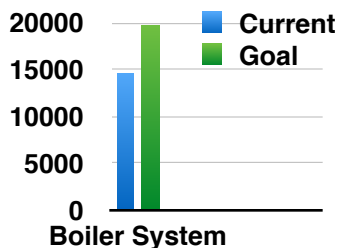

Hearing the voice of God is the most important skill we need to learn as believers. June 25-27th, we held a three-day seminar at YWAM Fairbanks, with a focus on learning to hear God's voice through teaching, interaction and prayer one for another. This type of small group discipleship is so important because many times the individual needs of a believer are lost in the large gatherings — Jesus disciplined the 12!

We are endeavoring, through weekly prayer groups and outreach in different churches, to cast the vision for this type of discipleship to take place in every village and township in Alaska. It won't happen if we don't pray and send as Jesus asked us to.

"Therefore beseech the Lord of the harvest to send out workers into His harvest." - Matthew 9:38

WE NEED YOUR DAILY PRAYER!
We need breakthrough in the heavens to see the vision fulfilled. During the

summer in Alaska, everyone is running about to and fro trying to prepare for the next physical winter, but it is the spiritual winter that has been here so long that is the danger. There have been many prophecies concerning a great revival that will come out of Interior Alaska and sweep down through Canada and the "Lower 48." Many believers see this beginning in the Native villages first. Missionaries in the past planted many churches, but so many have fallen asleep and do not have dedicated leadership to disciple the new generation. To all our supporters, both new and those who have been faithful through the years, we thank you for giving of finances and time, but ask in faith for a daily dedication in prayer to see the enemy defeated.

Testimony: One particular young man who came to the seminar shared how he had lost much of his passion for God and was struggling hearing God at all. The men of the group were able to spend some extra time with him and his family reconnected in a local body of believers. God knows our needs and sends us to heal the brokenhearted and beloved; there are many around us who were once so passionate for Christ who need restoration. Be sensitive to the voice of God and He will bring the hurting to you!
