"For behold, darkness will cover the earth and deep darkness the peoples; But the LORD will rise upon you and His glory will appear upon you. - Isaiah 60:2

Everywhere we look in this world we see darkness and and distress, and can often feel overwhelmed. The Gospel gives us hope and reveals a glory beyond this world. This verse was written to the people of Israel, and through Jesus, this promise applies through the Gospel being preached, revealing the glory of God. God's glory is rising upon Interior Alaska and the village outreaches continue. This past month we ministered in two villages — Gulkana (first time there) and Minto. The team was literally praying for people on the road. Both villages

were touched as the youth and ministry teams offered prayer, cleaning services, prepared meals, and just fellowshiped with the beautiful people in these two villages. We have been invited by the village elders with open arms to come and minister when we are able — otherwise we

would not be allowed to come and be received so openly. It has taken years to build this trust and God is expanding the opportunities for this type of ministry. We

also participated in a youth revival that was held at a Korean Church — Agape Mission Church. So many cry out for God's touch, and true repentance and healing is taking place as youth reach out to youth. Many were healed, filled with God's Spirit and called out for ministry service. We have more teams coming to help with repairs on the main YWAM base and continue the village outreaches, as well as local ministry in North Pole and Fairbanks, AK. We thank you so much for your continued support and faithfulness in giving as most of these outreaches are payed out of FCM and YWAM support. We are still in great need of long-term staff who will dedicate themselves through the long winters and we know God is speaking to their hearts. God is doing great things this summer
