Prayer Requests:

- Plans for Summer Outreach
- Training Local Leaders
- Local Churches

From whom the whole body, being fitted and held together by what every joint supplies, according to the proper working of each individual part, causes the growth of the body for the building up of itself in love. Ephesians 4:16

If you believe that Jesus died and rose again and will return one day for His church, then you are part of the Body of Christ. You have a place and a purpose. FCM and YWAM are two arms of the same body. We only have to be concerned for our part and being faithful in service. We don't have to carry the burden of the entire world. All the ministries and missionaries we support are part of that same body. Part of our responsibility is to support the other members of the body in our local area and that is why we assist ministries like KJNP, Mountain Movers, and Golden Heart Church. Recently we gave toward a young Native man from this area named Jared Henry, who did a DTS (Discipleship Training School) with YWAM in Mexico. He just returned from his

outreach and shared his testimony with us at the YWAM Fairbanks base. One our our goals is to make sure local, Native youth, are trained to share the gospel, not just for Alaska, but sent out to the world!

We had a series of meetings from February 17-19th with guest speaker Shelley Lowery who encouraged

us to use the gifts God has given us, and to be ready for the moving of the Spirit and fostering revival.

Above is Shelley praying with the chief of the village of Minto, with Pastor Marvin and Sallie, along with other intercessors. Godly political leaders are always under attack as well as pastors. Please uphold your local leaders in prayer. They are doing their part and facing much evil on our behalf.

This is something that should be a daily discipline.

Be in prayer for the plans we are

already making for the busy summer ministry time. We have so many who want to come help, but we can only host ministries that have a true heart for interior Alaska.

We have had so much snow this past week, that we had to have the snow plow come twice to clear our driveways. Our winter won't really be over till May and we look forward to ministry this summer. Until then, we will keep serving and believing for Jesus to be glorified in our work here. Thank your for your continued support and prayer.

*Co-laborers in Christ,
Joyce Thurlby*
