*"I am still as strong today as I was in the day Moses sent me; as my strength was then, so my strength is now, for war and for going out and coming in. - Joshua 14:11*

Joshua gave the glory to God for having the strength to lead after Moses died. The purpose of his strength was for the mission of claiming and conquering the Promised Land. The strength that God gives us is for the purpose of serving God, no matter what age that is. I know that the Lord has given me strength to continue

on in this arctic climate, and many others have come to serve as well. Evangelist Lois Hoshor, who just turned 80 years old, ministered at Golden Heart Church August 22nd-23rd. She took care

of her husband for the last two years until he passed away and then went back into evangelism. Services went past 11pm and she was still ministering. There are so many examples of those who have dedicated their lives, even in their later years, to serve the Lord, and believe that we are called to the spiritual battle of seeking and saving the lost until we take our last breath, or Jesus returns!

We all are part of the body of Christ. Every part is important for the health of the body and that is where are strength comes from — being a part of the body.

**Prayer Requests:**

- Summer Projects and Teams
- Protection for health and workers

The Lord has supplied the means to finally widen our driveway that goes from the main highway into the base. Many vehicles have slid off the driveway into the ditch,

especially during the winter months. We would like to make it as safe as possible and plan to add side rails for extra protection. One time, a vehicle slid off and the tow truck trying to pull it out of the ditch slid off as well! The base is being used by many groups during the summer and even during the winter we have teams stay, as well as our weekly meetings.

It is already becoming cooler each day as we endeavor to complete as many projects as we can while there is no snow on the ground. In the long-term, we are saving up for new windows for the entire base. These are special windows that are triple-pane or at least high quality double-pane. Hopefully, by next summer we can install these windows.

Remember, as supporters, you are always welcome to come visit and see our ministry first-hand. We appreciate every gift and prayer for the peoples of Interior Alaska.
